Opportunities for People with Disabilities

An Arc affiliate

Explorers is our social recreation program from Community Connections which is a program that offers adults with IDD/ASD opportunities to learn new things, learn social skills and develop meaningful friendships. They experience more inclusivity in the communities where they live and work as well as an opportunity to pursue their lifelong hopes, goals and dreams. Explorers offer real-life experiences for the people we serve, “let’s have fun and learn about each other.” It’s also an opportunity for the community to see the people we serve and the great things that they bring to any group.
