CAPE REP THEATRE PRESENTS THE VINYL SESSIONS

Cape Rep Theatre will present *The Vinyl Sessions*, a new series of concerts celebrating the greatest albums of the 20th Century performed by some of your favorite Cape Rep artists. Each session will cover a different album from start to finish with a rotating cast of Cape Rep's artists and musicians. ***The Vinyl Sessions* will premier Saturday, April 10 at 7pm, and stream free online at www.CapeRep.org and our YouTube channel.**

About *The Vinyl Sessions: Tapestry*

We're kicking off the series with Carole King's iconic 1971 album, *Tapestry*. Featuring such beloved songs as *You've Got A Friend*, *I Feel The Earth Move*, *Natural Woman* and *Will You Still Love Me Tomorrow*, King's words and music are just as resonant today as they were when first recorded.
