

# CREATING THE WATER WORKFORCE OF THE FUTURE WEBINAR SERIES

## Veterans in the Water Workforce

As part of EPA's commitment to helping build a diverse and sustainable water workforce, today's veterans can provide a very important set of skills as well as benefit from a range of programs designed to help them build a meaningful career in water. Please join us on February 29<sup>th</sup> to hear from organizations that are reaching out to and training these veterans so they can play a key role in protecting our nation's critical water infrastructure.

This webinar is part of an ongoing webinar series hosted by EPA, in partnership with leading water sector organizations around the country. More information on this webinar series can be found at <https://www.epa.gov/sustainable-water-infrastructure/water-sector-workforce-webinars>
