Reflective Address Markers

We can't help you if we can't find you!

Peninsula Fire District is on a mission to help everyone make sure their address is posted so it is easy to see day and night.

We have partnered with Interstate Signs to bring you an inexpensive sign that helps you help us in a couple of ways:

1. It will mark your house day and night for first response. (us helping you)
2. All proceeds go to the Peninsula Fire District equipment fund (you helping us)

For more information or to place your order please call 530-259-2306
