

## Brian Burch Memorial Sports Park ~ Opening Ceremonies

Banning Engineering was recognized for the firm's work as a donor and consultant on the Brian Burch Memorial Sports Park during the Park's opening ceremony. Banning Engineering performed the survey and site design work for the cloverleaf baseball field that also features a two-level concession stand with a press box on the second floor.

"We are committed to assisting our communities have the best quality of life possible. I'm pleased we could offer our expertise to a project that countless area children will get to enjoy," stated Jeff Banning, Banning Engineering President and Founder.
