

Banning Engineering and Volunteerism

Last year Banning Engineering implemented a new Volunteer Time Off (VTO) program to encourage all employees to get involved with their local communities. As you can imagine, our employees have taken the plunge!

To give you just a few examples, we have had employees volunteer with the Boys Scouts of America, Hendricks County Backpack, Hendricks County Animal Shelter Auction, Morgan County “Touch a Truck”, Ben Davis Schools Thrive Event, Plainfield’s Imagination Lab, Plainfield Library Summer Reading Kickoff Program, and the Town of Pendleton Tornado Cleanup.

We have an exceptional group of people that believe in volunteering their time and talents to give back. All of us here at Banning Engineering are grateful to Jeff Banning for his volunteer spirit and willingness to allow his employees to place value on volunteering their time as well. There was an article written this past month in [The Times-Post](#) about the cleanup efforts in Pendleton and how Banning Engineering employees were eager to assist. 🧑‍🌾
