Barrel District Update March 2020
Councilmember Bart Turner

Greetings! One of your City Council's highest priorities is to ensure that all city departments provide outstanding service to our residents. To that end, we are excited to announce a new service request system for our community: **GlendaleOne** – Your One Stop for Service. Whether you are reporting graffiti, requesting a replacement garbage can, inquiring about building permits, or reporting a pothole, all service requests city-wide will be tracked and managed in one system – and you can submit your request through our website, from our new **GlendaleOne** app on your smart phone, or with a phone call to City Hall! As an added feature, you can request updates on the progress of your request be provided to you in real time via email, text, or telephone call.

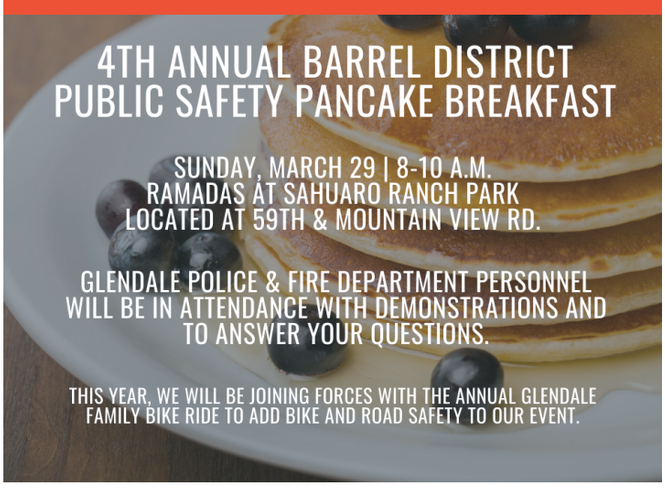

In addition to service requests, **GlendaleOne** can provide you with bulk trash rules and schedules, class and event schedules for our libraries and recreation centers, frequently called phone numbers, an ever-expanding list of frequently asked questions (FAQs), and much more!

In short, for everything except requesting emergency police or fire service, you can now use **GlendaleOne** 24/7 for faster, more efficient interactions with your city!
