2020

2020 ANNUAL REPORT

FROM THE VILLAGE CHICAGO leadership

Dear Friends,

We are pleased to present our 2020 Annual Report. We learned so much this past year and we had so many remarkable achievements. Armed with new programs and a deeper connection to our members and the broader community, we persevered.

As we reflect on the past year, we celebrate the bonds of friendship, collaboration, and the creative spirit that helped us thrive. Our motto this year seemed to be “We can do more.” And we did, as we surpassed our expectations in nearly every category. . . and kept on going.

In 2020, we succeeded in building a much more inclusive and engaged community with people of all ages. We did this by:

- Developing programming that challenged minds and captivated imaginations.
- Renewing people's sense of purpose through volunteering and service to one another.

- Dramatically expanding our Health & Wellness Initiative and developing a unique Brain Health & Memory Loss program.
- Growing the Village into a more diverse, inclusive, and multigenerational community.
- Filling our Zoom rooms with thought leaders and noted experts on current issues.
- Building strong partnerships with community partners and annual sponsors.
- Creating new ways to build relationships, communicate our mission, and raise funds.

Thanks to all of you for helping The Village put great ideas to work.

Very truly yours,

Darcy Evon
Chief Executive Officer

Karen Terry
President, Board of Directors

Kathie Kolodgy
Immediate Past President

THE VILLAGE CHICAGO > by the numbers

2020

2020 REVENUE: **\$828,112** (Unaudited)

Health, fitness and well-being: **888**

Helping hand: **374**

Skills and expertise: **125**

PUBLICATIONS:

Weekly Member Memo to **400** households

Weekly Event Calendar to **400** households

Monthly Navigator to **3,850** households

THE > pandemic

“I can’t do much about the crisis we’re in, but I can use my time to show who and what I care about.”

KATHIE KOLODGY

“I can help”

WHEN THE PANDEMIC

and stay-at-home order started in March, many in the Village community sprang into action to help others. Cubii (man using Cubii at left) immediately offered 25 seated elliptical machines free to members to get exercise at home. Kathie Kolodgy made dozens of attractive and sturdy masks for all who wanted them--at no cost.

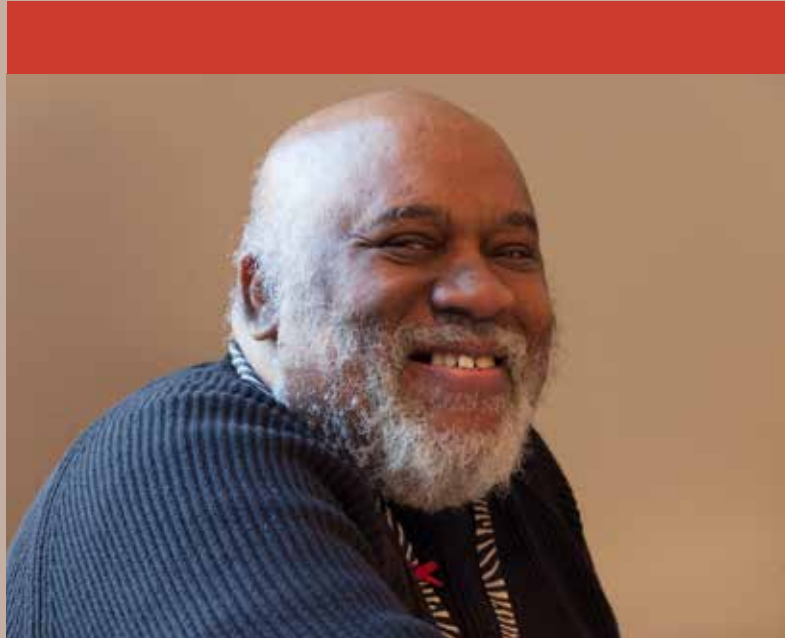

Several hundred volunteers of all ages made thousands of outreach connections, helped people get on Zoom, delivered groceries and prescriptions, and performed simple acts of kindness. We doubled down on alleviating isolation and loneliness by making our social and services networks stronger than ever. The majority of Village members reported that they felt more connected than ever before.

>membership:

CELEBRATING DIVERSITY AND INCLUSION

“ We are people building a caring and connected community across the barriers of race, class, gender, age, ability and sexual orientation.”

DON BELL

Diversity & Inclusion

- ### THE VILLAGE CHICAGO
- strives to expand diversity and inclusion within our community. Last year we moved closer to our goal by:
- Attracting more members across all income groups
 - Increasing participation by people of color to 30% of our Ageless Innovators
 - Growing our LGBT membership
 - Developing new programs focused on anti-racist activism and education
 - Expanding programs for those with memory loss and their care partners
 - Increasing multigenerational engagement in all aspects of the Village

The Village's LGBTA (Lesbian, Gay, Bisexual, Transgender, Ally) committee is fast-growing, exciting, and diverse. It is a pioneering initiative, creating a welcoming place for all within the Village. It brings the voices and views of older LGBT adults to the Village community and beyond. This diverse group of individuals, volunteers, and community partners of all ages have come together to provide education and support around the unique aging issues faced by LGBT adults.

“I love bringing people together to sit around and talk like we did in college. I haven't had so much fun for years!”

MEL WASHBURN

Social Life

VILLAGE SOCIAL LIFE

is for having laugh-out-loud fun, for learning and growing, and for finding companions and support. And a pandemic didn't stop us from doing just that. From outlandish costumes at Halloween Trivia, to provocative Thought Leader speakers, to a rip-roaring benefit party, we were engaged and entertained while safe in our homes.

With record turnout at Zoom events, we met people from all over the country. They enriched Village experiences by entertaining, challenging established notions, and imparting new knowledge.

> events

SOCIAL ENGAGEMENT

is a key component of health, longevity, and happiness. In 2020, we hosted more than 300 Zoom events and gatherings that were experienced by 85% of Village members and hundreds of guests. New programs included Front Porch, Current Events, Coffee Chat, and Racial Divide discussion groups plus many more. Our Annual Benefit was capped by awarding the annual Village Chicago Trailblazer Awards for outstanding work on changing the narrative about life after 50.

HEALTH AND > well-being

“There is no greater predictor of human well-being than the amount of social time we spend with one another.”

TOM RATH

Health & Well-being

COMMITMENT TO WELLNESS

is a cornerstone of The Village Chicago. We engage members, families, care partners and numerous community groups to raise awareness and inspire action. Our health and wellness programs help members navigate health transitions by providing them with the knowledge and resources to manage physical, social and emotional health.

Health and wellness became both more important and more difficult while confined at home. More than 40 programs kept people positive and active: Dance with a Doc, Moving Stronger During Covid, Exercise at Home, Be Positive on Purpose,

Mindfulness and Stress Reduction, Managing Lower Back Pain, and Medicare sessions. In addition, our community partners offered dozens of free health programs and workshops.

BRAIN HEALTH AND >memory loss

“Not everything
that is faced can be
changed, but nothing
can be changed until
it is faced.”

JAMES BALDWIN

Brain Health & Memory Loss

AT THE VILLAGE CHICAGO

we refuse to let a diagnosis of memory loss and the perceptions that often surround it get in the way of a rewarding life. We say, lift your head up from the statistics; focus on the present to observe and seize life's beautiful moments and enjoy life one day at a time.

To build our Brain Health & Memory Loss Program, we sought out and researched best-practice resources, and now have a superb and growing network of health, social, and community care providers. We bring imaginations and memories to life through music, art, and companionship activities, utilizing each care partner's ability to grow and engage.

The Village is a unique source of connection and optimism. Our Care Partners Support Groups help family members maintain the emotional equilibrium and strength they need. The success of our Brain Health & Memory Loss Program demonstrates that through outreach, education and engagement, life with memory loss can be happier, more exuberant, more compassionate, and more secure.

WORK AND > purpose

“You’re not old until you have more regrets than dreams.”

HOWARD TULLMAN

Work & Purpose

THE NEW NARRATIVE ABOUT LIFE AFTER 50

We are on the verge of a broad and positive transformation in our economy and society, according to thought leader Chris Farrell. With more than 27% of Village members working or looking for work, we continue to expand social, practical and technical support for them. Our innovative programs help people share their expertise, find purpose, and strengthen Chicago through work and volunteerism.

THE FUTURE OF WORK: We explore emerging technologies and trends from Artificial Intelligence to climate change with leading experts, and provide programs

focusing on career management and transition strategies. We offered 12 programs in 2020.

AGELESS INNOVATORS: In partnership with Chicago Innovation, we developed the city's first multigenerational co-mentoring program. Now in its third year, this important initiative has attracted more than 250 participants and has helped redefine the workplace to recognize the power of age-diverse teams.

INNOVATION FOR THE AGES: In 2020, this popular annual program attracted several hundred entrepreneurs and business leaders on Zoom to share their experiences in reinventing themselves and succeeding in a new career or passion.

VOLUNTEERISM: Village members generously give their time to address inequities, and to strengthen the fabric of our communities. Their passion, commitment and generosity was never more evident than over this past year when thousands were helped through donations and hands-on support.

OUR MULTIGENERATIONAL >community

“One thing we need to do is be as creative in bringing people together as we were during the last century in separating them.”

MARC FREEDMAN

Multigenerational Community

AGE INTEGRATION is essential to social cohesion and well-being. At the Village, we are continually expanding opportunities for people of all ages to have fun and learn from one another. Our Bridging Generations Board of 80-plus young professionals spearheads multigenerational activities, including volunteering, current events discussion groups, Zoom parties, and playful Trivia Nights. Many younger adults also contributed to our comprehensive response to the pandemic by eagerly volunteering wherever they were needed.

SERVICES AND REFERRAL >network

THE VILLAGE HELPS MEMBERS

and their families by filling requests for transportation, healthcare allies, financial and legal needs,

homecare options, household tasks, technology assistance, and much more.

In 2020, the Village filled 1,768 service requests. Each individual received personal attention from our professional staff who provided appropriate referrals or support. We responded to requests as simple as a referral to a reliable electrician, to finding caregivers willing to help those recovering from Covid, to navigating the complexities of cancer treatments.

Even during the pandemic, Village members could rely on the “always there if you need it” services that empower them to feel safe and secure in their homes.

ANNUAL SPONSORS AND COMMUNITY PARTNERS

These organizations and businesses provide on-going support and collaboration as together we build a dynamic resource and voice for people over 50 in Chicago.

The Village Innovation Fund

Established by Joan Goldstein

Thanks to the generosity and vision of Joan Goldstein, we established the Village Innovation Fund to be used for new programs or to provide funding for continuing or enhancing special initiatives. Use of the funds will be determined by the Board of Directors. Donors will be notified of the uses and impact of investments on an annual basis, and all donors to the Fund will be recognized in the Annual Report.
