What people are saying!

## Waterless Foaming Organic Shampoo

Our Waterless Foaming Shampoo offers a stress & mess-free way to keep your dog clean and smelling fresh between baths. Our natural no rinse formula is blended with lavender and chamomile to soothe and moisturize your pet's skin. This gentle cleanse is proudly made in the USA with safe and eco-friendly ingredients that will keep you and your furry friend happy & healthy!

**Here's what our customers are saying:**

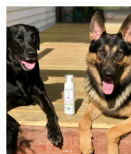

I don't care for baths because I'm not a fan of water. **This shampoo makes it more relaxing for me and easier for my human to bathe me.** I smell like a field of flowers now. I was pleased with this shampoo because of how easy it was to use, the smell, and the organic ingredients.  
**Two paws up!**

— Apollos\_Galaxy

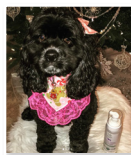

**No water,** now that's my kind of bath.

— TheEvilSiberianHusky\_

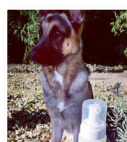

This **product truly saves time** and is great for quick clean ups! It also keeps our **coats looking shiny and healthy**. Its gentle and never leaves us sticky.

— gsdodinblife

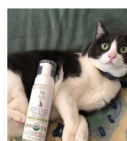

It's pawmazing! **It's so quick and easy to use.** The perfect product for in-between my regular bath and grooming. Makes my dog feel fresh, soft and clean. **The best part is it's all organic!**

— Tiffany\_Cockerspaniel

I love water, but not when it comes to bath time. **Now I can get clean and smell fresh in the winter months** and best of all ... no real baths! Bonus: the lavender and chamomile scent is AMAZING!

— Xander\_Cash

**My human also doesn't have to get scratched!** I can easily use it once or twice a month and it smells amazing!!

— Lily.Fat.Cat

We're so excited about this Pawsome waterless shampoo. It's moisturizing and soothing no-rinse shampoo **helps remove loose hair and dander**. It smells like delicious lavender and chamomile — and the best part is that it doesn't require a big scary bath!

— Eddie\_and\_Obie
