Medicare Part D – Disclosure to CMS

All (regardless of size) IPBC Members will have to complete the required annual CMS disclosure. A separate email blast with instructions will be sent in mid-August. It only takes a few minutes and needs to be completed by the end of August. It cannot be done at the pool level on member groups behalf.

While some IPBC member groups use a 1/1 open enrollment date, all underlying IPBC contracts operate on a 7/1 date. Therefore, all IPBC members must complete this task in August.
