*From Code Enforcement:*

## **Maintain Lawn During Growing Season**

Spring is here and grass and vegetation are starting to grow. Homeowners and business owners are responsible for providing regular maintenance of their property's landscaping.

Front, side, and rear yards should be well maintained, mowed regularly and free from trash, weeds and overgrown vegetation. All residents are responsible for ensuring that their property is free from all litter and debris for health and sanitation reasons.

Having your property on a routine maintenance schedule is one way to guarantee your property will not have any code violations.
