

Veterans Monument Progress Update

Construction of the Veterans Monument is progressing well. The retaining wall is in place and granite wall caps and benches are being put into place. The sculpture bases should be complete by the end of January, and engraved pavers should be placed in February.

Eagle Scout candidate Troy McGahren is mapping and organizing the pavers for his Eagle project.

Tytan Creates has recorded over 100 veteran interviews. Veterans will have another opportunity to record their stories at a recording session at City Hall on Thursday, February 7.

Veterans or their family members are encouraged to sign up for an interview. <https://www.signupgenius.com/go/5080d49a8a82da2fa7-tytan>
