Why We Celebrate National Public Works Week

To recognize the hard work and high level of customer service provided by public works teams across the country, the American Public Works Association celebrates National Work Week each spring. This year May 17-23 has been set aside to acknowledge their efforts.

We appreciate our own field services team who have been working hard every day of the year, and their hard work has continued every day during the COVID-19 Pandemic/ They work tirelessly behind the scenes during the day and after hours during emergencies, maintaining safe streets and sidewalks for our community.”

The staff at City Hall would like to use this opportunity to show our appreciation for their dedication and commitment to the city, the community and to all of those who enjoy living and working in Peachtree Corners.

Because they are so good at what they do, their efforts are not often noticed and recognition of their service falls short, but on this occasion, please join us in thanking them for all they do to make Peachtree Corners a great place to live, work and play.

Greg Ramsey,
Public Works Director
