Three Most Frequently Asked Questions

The City receives numerous calls daily on a myriad of topics. However, the top three queries involve recycling, voting and what happened to the old City Hall building. Following is a short Q&A.

Q: I used to drop off my old household batteries, printer ink cartridges and cellphones at the old City Hall building. Now that City Hall has relocated, where can I drop off these recycling items?

A: You may drop the items off at the new City Hall. The three colorful bins are located at the back entrance of the new City Hall. Residents may dispose of printer ink cartridges, household (Alkaline) batteries and cell phones in the bins which are clearly labeled. The new [City Hall](#) is located at 310 Technology Parkway.

Q: Why can't I vote for all elections, city, county, state and federal elections, at our City Hall?

A: Peachtree Corners residents may cast their ballots at City Hall for [city elections only](#), such as mayor and council elections and referendums that affect Peachtree Corners. Only municipal (city) elections take place at Peachtree Corners City Hall. You must cast your votes for county, state and federal elections at your regular polling location. **These voting rules are mandated by the [Gwinnett County Board of Registrations and Elections](#).**

For information on where to vote in county, state and federal elections, visit the [Georgia Secretary of State My Voter Page](#).

Q: What happened to the old City Hall building?

A: [Curiosity Lab at Peachtree Corners](#) (formerly Prototype Prime), the city's startup incubator, has expanded into the space previously occupied by City Hall. The startup incubator has grown substantially since it first opened in October 2016 and needed the additional space. It currently houses 14 startup companies, a computer coding school and offers a network operations center for testing autonomous vehicle and other technologies.
