

GWINNETT COUNTY DEPARTMENT OF FIRE AND EMERGENCY SERVICES
FIRE STATION #4
Proudly serving Peachtree Corners

Happy New Year! from the Gwinnett County Department of Fire and Emergency Services. The department is encouraging all citizens to celebrate the New Year by making fire safe communities part of their new year's resolutions. The department offers free home safety surveys and smoke alarm checks as part of its educational outreach programs.

During home safety surveys, Firefighters and fire safety Educators help occupants look for and eliminate home hazards that could cause a fire to start or conditions that might contribute to unintentional injuries. Unsafe living conditions may include an overloaded electrical outlet or a fall hazard due to a throw rug. Fire personnel spend time with the homeowner/occupant to share vital information on home fire and injury prevention. Occupants have an opportunity to ask fire and emergency medical services professionals about important topics such as how to operate portable fire extinguishers or where medication information and medical history be kept for use by paramedics during an emergency at home.

-more-

The program benefits all citizens, especially households with small children, older adults or those with special needs.

To schedule a home survey, or to find out more about fire and life safety presentations, please contact the Gwinnett Fire Community Risk Reduction Division at 678.518.4845 or e-mail fireprograms@gwinnettcounty.com.
