

March 2020

From the Code Enforcement Department

Homeowners Responsible for Exterior Maintenance, Landscaping

Spring is just around the corner, March 19th. We will start to see our grass and vegetation beginning to grow as the weather changes.

Homeowners and business owners are responsible for providing regular maintenance of their property's landscaping. Front, side, and rear yards should be well maintained, mowed regularly and free from trash, weeds and overgrown vegetation.

All residents are responsible for ensuring that their property is free from all litter and debris for health and sanitation reasons. Having your property on a routine maintenance schedule is one way to guarantee your property will not have any code violations.
