

COVID-19

3-Month Members

Membership Freeze

This special Membership Freeze option applies only to those individuals with an active 3-month membership during the COVID-19 facility closure. This option is a way to inactivate your 3-month membership for up to twelve months from the original date of purchase. Annual members wishing to freeze their membership must use the standard Membership Freeze Form.

- A freeze is typically available for annual memberships only. 3-month members affected by the closure due to the COVID-19 pandemic are being offered this one-time exception to freeze and reactivate their membership within one year of their original sign-up date.
- Memberships will be made inactive from the date of the Community Center re-opening through the requested freeze period. No money or refunds will be returned.
- Memberships will re-activated from the *specific date* outlined below for any time remaining on the 3-month membership as of March 16, 2020. Dates listed as "to be determined" will not be honored.
- Members who use their 3-month membership after the Community Center reopens are not eligible for this offer.
- Requests must be submitted by July 22, 2020 for consideration.
- There is no processing fee for a membership freeze.
