

Local Public Agency Qualification Program

LPA Project Development & Delivery

3-Day Workshop including all 3 LPA Modules

The LPA Qualification Program was developed and implemented jointly by the Louisiana Department of Transportation and Development (DOTD), the Federal Highway Administration (FHWA) Louisiana Division, and the Louisiana Local Technical Assistance Program (LTAP). The primary goal of the program is to increase the efficiency of project delivery for local transportation projects that utilize state and federal funds by helping local agency personnel understand and implement requirements associated with these programs.

Save the Date
November 5 - 7, 2019

Join us for 1 day or all 3.

Registration information available online in August.

Day 1: Qualification Core Training

Required for all project Responsible Charge persons and project sponsors to be qualified to participate in LPA programs funded and administered by FHWA, through DOTD, on current and future transportation projects. Consultants are strongly encouraged to attend.

Day 2: Project Development and Design Process for the LPA Responsible Charge

Intended for: local agency personnel who will be serving as the Responsible Charge on LPA projects; local agency personnel responsible for selecting and managing design engineering or construction inspection consultant services and local agency personnel involved in any aspect of LPA project oversight including plan review and submittal to DOTD. Administrative and financial managers with responsibility for processing engineer and contractor invoices, submittal of reimbursement requests, and maintaining required documentation should also attend.

Day 3: Construction, Engineering, and Inspection (CE&I)

Intended for: LPA Construction Project Personnel, engineers who serve as the LPA Project Engineer (PE), and the Responsible Charge, to be completed prior to or during the early construction phase of a project. Key topics include Construction Administration Overview, DBE & SBE Programs, Contract Administration for Work Zone Safety, Site Manager, Construction Project Closeout Procedures and more.
