ROADS SCHOLAR #4: Temporary Traffic Control for Local Agencies (6 PDHs)

LTAP provides cost-effective training to local transportation and public works agencies on road and bridge maintenance as well as roadway and worker safety through the Roads Scholar classes.

They are offered at convenient locations across Louisiana to make the program easily accessible to most local agencies.

www.louisianaltap.org

Registration

Scan the QR code, or visit bit.ly/LTAPtraining

If you have not done so previously, you must create a profile in the system to register. Please keep a record of your username and password for future course registrations. If you need to register multiple people on behalf of your agency, create a profile of your own and email your preferred username to victor.lockwood@la.gov for instructions.

Once inside your profile, click on "LTAP Roads Scholar #4: Temporary Traffic Control for Local Agencies (2025)" in order to register.

LOUISIANA STATE UNIVERSITY

Mail checks to:

LTAP-Technology Transfer/LTRC, 4099 Gourrier Avenue, Baton Rouge, LA 70808-4443 ATTN: Victor Lockwood

Registration is required one week in advance of class. Failure to cancel at least 72 hours prior will result in a forfeit of registration fee. Participant substitution is available.

About the Course

This course is Based on Part 6 of the 2023, 11th edition of the Manual on Uniform Traffic Control Devices, (MUTCD).

Topics may include:

- Fundamental Principles of Traffic Control
- Elements of Temporary Traffic Control Zones
- Worker and Road User Safety Considerations
- Temporary Traffic Control Devices
- Temporary Traffic Control Activities
- Typical Applications for Local Agency Work
- Traffic Control for Incident

One year of field experience is recommended, but not required for this course; however, completion of the "LTAP Mini-Workshop with Flagger" is recommended in order to understand the concepts presented in this course. This course does not qualify as a required certification for contractors under DOTD Rules.

Who should attend?

It is intended for engineers, technicians, inspectors, and maintenance personnel whose duties require an intermediate understanding of traffic control in work zones, including design, setup, and management of traffic controls.

Course Times

Check-in / Breakfast: 7:00 AM

Class: 7:30 AM - 2:30 PM

Instructor

Nicholas "Nick" Verret, Jr., P.E.

Mr. Verret has been a registered professional engineer in Louisiana since 1984. Following a 31+ year career with the Louisiana DOTD in the areas of highway

construction, design, and administration, he served as the LTAP Program Manager from October 2011 until December 2012. He was later appointed as Director of Public Works for the Parish of Natchitoches until stepping down from that position in July 2017. Mr. Verret currently serves as the City Engineer for the City of Natchitoches. He has developed pavement management programs for both the city and the parish. Since 2018, Mr. Verret has taught numerous LTAP pavement classes, but also has many years experience in all aspects of highway safety on both the State and local agency level.

Professional **Development Hours**

The Louisiana Transportation Research Center (LTRC) is a Louisiana State Board of Registration for Professional Engineers and Land Surveyors, approved Sponsor/Provider of Continuing Professional Development.

Professional Development Hour (PDH) credit will be awarded as follows:
6 PDHs
