REGISTRATION

Registrations are only accepted online at <https://registration.ltrc.lsu.edu/login>

If you have not done so for a previous LTAP class, you must create a profile in the system to register. Please keep a record of your username and password for future course registrations. If you need to register multiple people on behalf of your agency, create a profile of your own and email your username to courtney.dupre@la.gov for instructions. Once inside your profile, click on "LTAP Course: Combating Rural Roadway Departures" to register.

FEES & CANCELLATIONS

FREE for Public Agencies
\$50 for Private Agencies

Credit card payments are accepted through the online registration system. *Checks or money orders are also accepted.*

Make checks payable to:
LOUISIANA STATE UNIVERSITY

Mail checks to:
LTAP-Technology Transfer/LTRC,
4099 Gourrier Avenue, Baton Rouge,
LA 70808-4443.
ATTN: Courtney Dupre

Registration is required one week in advance of class. Failure to cancel at least 72 hours prior will result in a forfeit of registration fee. Participant substitution is available.

ABOUT THE CLASS

Rural roadway departures make up a third of U.S. traffic fatalities – about 30 people a day. In Louisiana, about 58.26% of the roadway fatalities resulted from roadway departures.

This workshop will discuss how road safety stakeholders and local agencies can help reduce rural roadway departure deaths and serious injuries in Louisiana.

Topics include:

- *Focus on Reducing Rural Roadway Departures (FoRRRwD): Every Day Counts*
- *The Four Pillars of Safety*
- *Keeping Vehicles on the Road*
- *Reducing the Potential for Crashes*
- *Minimizing the Severity of Crashes*
- *Louisiana's Roadway Departure Implementation Plan*

A **field assessment** will be conducted to provide participants an opportunity to physically evaluate issues on local roads and recommend proven safety countermeasures to address these issues.

Who should attend?

This workshop is designed for road safety practitioners, parish and city engineers, public works employees, law enforcement officers, health professionals, educators, and other local agency stakeholders who are vested in improving road safety in their respective communities.

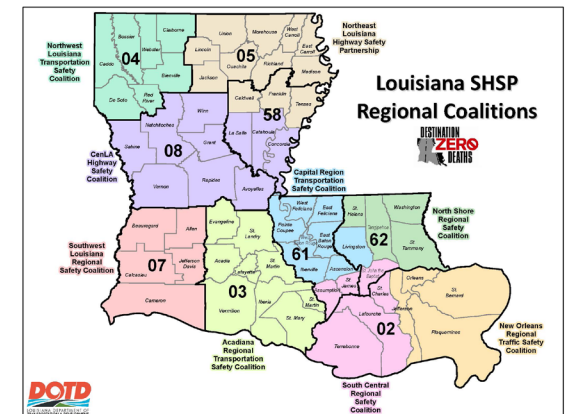

COURSE TIMES:

Registration: 7:30 a.m.
Class: 8:00 a.m. – 3:00 p.m.

Regional Safety Coalitions

To mobilize safety program implementation at the local level, the Louisiana DOTD established nine **Regional Transportation Safety Coalitions** through an agreement with the designated Regional Planning Commission (RPC) or the Metropolitan Planning Organization (MPO). Each coalition is led by a full-time MPO staff who works with partners from all the **4E's of Safety: Engineering, Education, Enforcement and Emergency Medical Services**.
