

A MESSAGE FROM OUR PTA PRESIDENT

Welcome Dilworth Families,

What an exciting year this is for Dilworth Elementary! As summer comes to a close, our school leadership, teachers, staff, and PTA are working hard to put the finishing touches on our brand-new school building and prepare to welcome our Dragons back for what promises to be an incredible year.

My name is Crystal Thomann, and I am honored to serve as your PTA President for the 2026-2027 school year. My husband, Matt, and I have been part of Dilworth Elementary since 2021, and we have 2 Dilworth Dragons going into 5th and 3rd grade. Over the years I have seen firsthand what makes this school so special. From our wonderful teachers and staff to our enthusiastic students and the incredible parents who continually show up for our school, Dilworth truly is a one-of-a-kind community.

This year feels especially meaningful as we begin a brand-new chapter together. After so many years of calling the historic Latta campus home, we are thrilled to open the doors to our beautiful new school. While there is certainly a "Whole Latta Love" for the campus we are leaving behind, there is so much to be excited about as we create new traditions, memories, and experiences together in our new home.

The PTA has an amazing year planned, with many of our favorite traditions returning along with some new opportunities to bring our students, families, and staff together. None of what we do would be possible without our generous volunteers. Whether you can give an hour at an event, help in a classroom, serve on a committee, or simply show up and support our school, there is a place for everyone.

As we head into the school year, be sure to stay connected with the PTA! We will share important information, upcoming events, volunteer opportunities, and ways to get involved through the Dragon Dispatch, our website and our social media channels. Visit www.dilworthpta.org to subscribe to the Dispatch and add our Google Calendar so you don't miss what's happening throughout the year.

And finally, don't forget to log those SPARK hours! Our annual PTA program, Summer Program for Arithmetic, Reading, and Knowledge, encourages students to keep reading and practicing math over the summer while supporting our PTA operating budget. While the fundraising component is important, you don't have to contribute financially to participate. In October, the school will hold a SPARK assembly where we celebrate students' hard work and give them the opportunity to win fun prizes. Visit the [SPARK](#) page for more information and tracking sheets.

I am so excited for the year ahead and look forward to serving as your PTA President.

Sincerely,

Crystal Thomann
2026 - 2027 PTA President
