HYDROPONICS GREENHOUSE CONVERSION

VETERANS!

Are you interested in learning about hydroponics?

Come learn and grow with Central Oregon Veterans Ranch this winter. In partnership with Oregon Department of Agriculture we will be converting our current greenhouse to hydroponics.

Volunteer for Hydroponics 101!

- Learn about hydroponics from the ground up
- Help construct a Zipgrow Hydroponic Tower system in our greenhouse

Our goal...

TEACH what we LEARN about growing lettuce with hydroponics with the help of experts in the field.

What is Hydroponics?

Hydroponics is a subset of hydroculture, which is a method of growing plants without soil by instead using mineral nutrient solutions in a water solvent.

Hydroponics 101 happens every Thursday in January and February from 9am to 2pm at Central Oregon Veterans Ranch located at 65920 61st St. Bend, OR.

For more information call 541-706-9062 or email Info@covranch.org
