2025 Jeffco Eats Supporters

Corporation Support

Jeffco Eats benefits from corporations giving back to their community through employee volunteerism, matching employee donations, in-kind food donations and financial contributions!

Individuals:

Jeffco Eats has just over 250 individual donors who gift from $5 per donation up to $13,250 per donation. This year our individual donors have contributed over $75,000. Furthermore we have over 250 volunteers who have contributed more than 2,000 volunteer hours this year!

Foundation and Government Support:

2025 has been a challenging year with the pause in SNAP benefits. Our local government and foundations came through with much needed financial support!

Civic and Faith Groups:

Jeffco Eats is proud to be located in a community that is full of civic groups, church groups, school groups and more that make it their mission to give back to their community. We see these groups, including multiple Kiwanis and Rotary groups, sponsoring our special events, volunteering , hosting food drives and helping us to educate the rest of the community on who we serve by hosting informational presentations! We are also so privileged to be a beneficiary of the Red Rocks Country Club annual Red Rocks Cares Gala!

Thanks to All!
