Recording your US Military Discharge

Veterans should record their US Military Discharge in the Recorder of Deeds office. By recording your discharge you may obtain certified copies free of charge and have the peace of mind knowing that your document is of permanent record.

A Veteran's discharge contains personal information about their military service. Once recorded, these documents are kept secure from public scrutiny, and can only be accessed by the veteran, a member of his/her immediate
Family, his/her agent or representative duly authorized in writing and those authorized by law. Both the recording and the certification are free.

IF your discharge has already been recorded, please come to the Mercer County Recorder of Deeds office and we will verify that it is of record and issue your "Operation Veteran Appreciation" photo ID discount card.
