Re-Perform … An Applied Leadership Discourse

Wednesday January 10th, 2024	8:30AM – 4:30PM *(AST Time)*	A Virtual Experience

Presenter

Mr. Ricardo Fraser

Mr. Ricardo Fraser, MBA, CISM, CISA, CC, is a technology and operations specialist with over two decades of experience leading technology innovation and transformative change management initiatives for various financial, energy and services sector organizations. He has significant experience designing and implementing enterprise systems with complex technical requirements.

Mr. Fraser is an enterprise risk management practitioner, specializing in statistical and machine learning based risk modeling and quantification. He had been responsible for cybersecurity risk advisory and assurance services for a major Caribbean power utility for nine years. More recently, he has served as the Senior Manager – Information Security & Technology Risk Management, of the Caribbean operations of an international financial institution. Mr. Fraser has consulted as Chief Risk Officer and Chief Technology Officer (vCRO / vCTO) on several startup and turnkey solutions, for example, those involving transfers and remittances.

He is a past adjunct lecturer at UWI, UTT and COSTAATT. He continues to serve as an educator, mentor and coach for persons seeking to advance careers in information technology and risk management. He has worked with consulted several business incubator workshops and tutored professional programmes in risk management and ICT.

In the past, he has volunteered his experience on the ISACA Trinidad and Tobago Board and is currently a member of professional organizations such as the ISC2, ISACA, Institute of Internal Auditors (IIA) and a member of the Institute of Actuaries (IFoA, UK) Working Party for the Use of Machine Learning in Reserving and serves as the Vice President of the ISC2 Caribbean and LATAM Chapter.

Mr. Fraser is a Certified Reliability Engineer (CRE), Certified Information Security Manager (CISM), Certified Information Systems Auditor (CISA) and is Certified in Cybersecurity (CC). He received his MBA from the Henley Business School - University of Reading, a post-graduate diploma with distinction in Actuarial Sciences from the University of Leicester and achieved a double major in Mathematics & Computer Sciences from the UWI with first class honors.
