BUSINESS
ASSOCIATION

In Partnership With

Executive
Education

FLORIDA INTERNATIONAL UNIVERSITY

This course offers a comprehensive understanding of the global efforts to fight corruption in the financial services industry, including the global regulatory framework, types of corruption and vulnerable sectors, and the key risk factors associated with corruption. Designed for all levels of management, it covers the main regulatory expectations for an effective anti-corruption compliance program and uses case studies to assist participants in understanding the risks to their institutions and effective risk mitigation strategies.

Start Date – June 25th, 2026
