

# HBH Holdings, Inc. Company Profile

(Version 1)

***A diversified portfolio of nationally recognized fabrication, construction, and maintenance companies.***

HBH Holdings, Inc. (HBH) is a privately held investment company that provides fabrication, construction, and maintenance services across North America to both traditional and emerging markets for over 120 years. These include utility power, chemical, food and beverage, advanced manufacturing, clean energy, oil and gas, biofuels, data centers, water industries, and more.

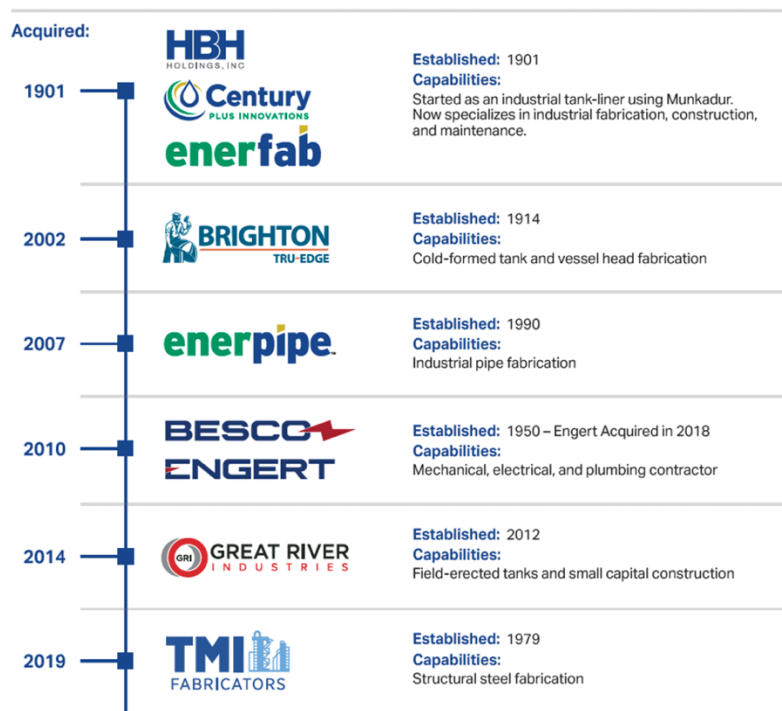

Our team provides HBH portfolio companies support in the areas of finance, tax, legal, risk management, insurance, corporate compliance, sustainability, and strategic planning.

We identify and invest in industry-leading companies to create a robust portfolio of companies that empower our people, customers, and communities to continue building a better future.

The HBH leadership team is committed to investing in our future and providing exciting new growth opportunities for our team members across our portfolio companies.

## Portfolio of Companies – Growth By Acquisition:

We are extremely proud of our diverse portfolio of companies. Everything we do helps make life better for our people, customers, and communities.
