Share the spotlight – Raise awareness – Position your brand

This year's annual invitation-only SUSTAIN Symposium will be focused on the latest developments and opportunities for industrial manufacturers related to their sustainability journey. We will look at what has changed in the energy and sustainability space since our 2024 event, how R.A. Jones has progressed since they presented at the 2023 SUSTAIN event, what local businesses are doing and experiencing, and what true positive impacts we all can have on the sustainability of our businesses and the environment.
