The European American Chamber of Commerce (EACC) of Greater Cincinnati is a network of European and American businesses and organizations supporting the growth of trade and investment between the Cincinnati region and Europe. We foster relationships and build connections enabling European investors to find success here and American investors and exporters to do the same in Europe.

Established in 2007, the EACC of Greater Cincinnati was the first EACC chapter in the United States. Our network connects over 750 member companies through chapters in Paris, Lyon, the Netherlands, New York, the Carolinas, Florida and Texas with new chapters planned in the U.S. and Europe.
