EACC MEMBERSHIP 2027

EACC Mission

The mission of the EACC of Greater Cincinnati is to support the growth of trade and investment between the Cincinnati region and Europe. We cultivate a trusted business community where sharing information, insights, connections, and opportunities helps European and American companies grow and succeed in the region. We are where Europeans and Americans connect to do business.

Connecting Global Business Leaders Around Shared Priorities

The EACC brings together more than 120 businesses and organizations across Greater Cincinnati, Northern Kentucky and Dayton. Just over half of our members are manufacturers with European ties, creating a highly relevant peer community for companies navigating many of the same opportunities and challenges you might be facing. Our EACC community is made up of:

- European manufacturers with U.S. presence
- American manufacturers conducting business abroad
- Professional service providers and growth enablement partners who consult and advise on business concerns and matters of trade, as well as experts in transportation, logistics, construction, energy, and tech
- Economic development organizations
- Universities, Colleges, and Technical Skills educators
- Arts, Sports, and Cultural institutions

Because our community spans the region and includes those making a global impact, our members have visibility and access to the people and resources that help organizations succeed. We are large enough to provide meaningful reach, yet small enough for members to be known, visible, and intentionally connected.

Meaningful Programming

EACC programming is built around the issues our members are actively facing. Through our pillar events (Automate, Sustain, Workforce and Transform), as well as Executive Roundtables, Operations Showcases and other programs, company leaders can exchange ideas with peers around:

- Employee recruitment, development and retention
- Education for a strong workforce, including apprenticeships and technical skills training
- Automation and advanced manufacturing
- Energy and sustainability
- AI, technology and productivity
- Leadership development and succession planning
- U.S. growth and investment opportunities
- Navigating expectations and communications between U.S. and European operations

EACC MEMBERSHIP 2027

Events

In 2026, EACC Greater Cincinnati presented **57 events**, and hosted nearly **1,700 professionals** representing over **340 businesses and organizations** from the region and beyond.

Attendees of EACC Pillar events, Executive Roundtables, Beaujolais, and Gala are typically **senior-level business leaders** who are making a meaningful impact on the organizations and communities they serve.

Other events, such as monthly Stammtisch, Young Professionals, and Operations Showcase cater to all levels, including more **early- to mid-level contributors** who find great value in networking with senior leaders and bring fresh insight to our community.

EACC Greater Cincinnati | Membership Benefits

Ultimately, ROI is driven by engagement. The EACC provides access, visibility, information, and connections; members realize the greatest return when they actively use those opportunities to build relationships, collaborate to solve business challenges and identify opportunities for growth. The return on EACC membership comes from three primary areas:

1. Access

Membership provides year-round access to a highly targeted network of European and American business leaders.

2. Connections & Business Opportunities

The EACC facilitates introductions and creates opportunities to build relationships with companies engaged in international trade, investment, expansion, and regional growth.

3. Visibility & Engagement

Members have opportunities to demonstrate expertise, increase visibility, participate in relevant programming, host events, and engage directly with business leaders throughout the year.

Tangible Value

Membership also includes benefits that would otherwise carry a direct cost, depending on membership level:

- Membership extends to all employees of your organization
- Gala and "Beaujolais + More" tickets included at Ambassador and Envoy levels (extra for Consul)
- Sponsorship opportunities that increase visibility and brand exposure
- Operations Showcase opportunities to host members at your facility, with EACC managing event coordination, promotion, registration, and communications
- Thought Leadership opportunities to showcase expertise through the newsletter and website *(at Ambassador and Envoy levels)*
- Exclusive executive engagement opportunities that facilitate peer-level connections
- Company listing in the EACC Directory for year-round visibility
