As many of you know, REACH has always relied heavily on volunteers. We have been fortunate to have so many supporters. Unfortunately, during COVID we were forced to limit participation, but now we are excited to announce the reactivation of the REACH Shelter Team.

The hiatus allowed us time to plan and prepare for the implementation of our innovative new shelter model, Project HAVEN. During that time REACH and our Project HAVEN partners interviewed and hired our leadership team, plus shelter managers and monitors for our five sites, which operate 24/7 year-round.

Now that we have completed the first phase of implementation, we would like to hear from you. What would you like to do? What skills would you like to share? How much time can you donate? What ideas and experiences would you like to bring?

We have scheduled the first REACH Shelter Team meeting, where our new model will be explained, your input and ideas will be requested, and you will be given the opportunity to sign up for roles that interest you. We hope to see you there!
