

We must finalize the approval from the Empire State Supportive Housing Initiative within two years by triggering the contract five months before occupancy and beginning to qualify potential residents 90 days before our first move-in date.

We continue to work on our application for construction funding from the Homeless Housing Assistance Program, with an anticipated submission date during the third quarter of 2024. We will also write additional grants and accept donations to fill the gaps in construction and operating costs as we move toward construction.
