Some of you may be wondering why we were at risk of closing. The short answer is that our community does not fund emergency shelters adequately. All shelter expenses are not covered by the government funding that we receive. That is why we continue to diversify our funding model. However, that is not enough.

We are also part of an ongoing advocacy campaign, Solving Homelessness as a Community (SHAC), to raise awareness, educate, change harmful policies, and identify and advocate for solutions to the homelessness crisis. Please consider attending one of our upcoming community panels to learn more. Be sure to **check Facebook** to find out when and where our next panel will be held. We hope to see you there!
