Workforce Development and Continuing Education | **February 11, 2023**

**MC Youth Programs presents**

## **Kids Change the Word!**

Come discover the “seven steps to democracy,” and how you can lift your voice to make your community and world a better place. You will sing and move along in an interactive musical performance about the steps to democracy, and work with a teaching artist to create your own creation, such as an art piece, poem, or song, about how you can be the change you want to see in the world. You’ll explore what it means to be a powerful member of your community. Teaching artists and Montgomery College faculty will guide you through a day full of fun and interactive activities, like a mock election. Families are encouraged to attend the last hour of the day for a showcase of the students’ work.
