Rent Relief Funds Are Available

If you are past due on your rental payments, there are rent relief funds available under the Community Development Block Grant (CDBG) and the Rental Arrearage Assistance Program (RAAP) also known as HIF Recordation Rental Assistance. These programs are designed to assist Montgomery County residents in retaining their housing.

These programs are paying off arrearages caused by the COVID-19 health crisis, however financial hardship does not have to be related to COVID-19 for both programs. Utilities, late fees, and other expenses including court costs are not eligible. The county has reopened the COVID-19 Rent Relief Program portal and it offers instructional videos for guidance on completing an application <https://www.montgomerycountymd.gov/HHS-Program/SNHS/rent-relief.html>

If you are an HOC customer, for more information or to apply contact your Resident Counselor, Property Manager, or email Resident.Services@hocmc.org today. Applications and supporting documents must be submitted by **Friday, September 30, 2022**.
