

## New CLC System Transition Begins - June 5th!

The short version: If you currently have a PIF in the Church Leadership Connection, you will need to move that PIF to the new CLC system as soon as possible. The current CLC system will be phased out by the end of July and closed on August 31st. On June 14th, the CLC Staff will be holding a webinar on how to use the new system. A registration link for that event will be forthcoming.

From the Office of the General Assembly/Church Leadership Connection Staff:

*We are excited to announce that the official transition date to the new CLC system is June 5th. This means that the new system will be moved to the [CLC.PCUSA.ORG](http://CLC.PCUSA.ORG) website domain as it will become the official CLC site for new callings. Call processes that began in the old system will continue during this 3-month transition and those involved in the call process have to decide to move the process to the old system if they need more time.*

*This will also mean that the old system won't accept any new MIFs or PIFs. All new accounts will be directed to the new system. Those with PIFs in the old system can still do the Opportunity Search and self-referrals. Active MIFs will still be able to match during this first period.*

*The Timeline for this transition will be:*

- *June 5th - The old system won't accept new PIFs or new MIFs. New users or call processes will begin only in the new system.*
- *July 31st - The Opportunity Search in the old system will be turned off. All searches from then on will occur in the new system.*
- *August 15th - All matches will stop in the old system. All matches will be done in the new system.*
- *August 31st - Planned date to finalize transition from the old system to the new system. Those with MIFs still in the system will receive an email and PDF copy of their MIF.*
