## April 2018 Regional Meetings for District Leaders

Join Commissioner Cassellius and the Minnesota Department of Education for an important conversation in your region about school and district accountability, reporting and recognition as we gear up for implementation of the Every Student Succeeds Act this fall.

**Meetings will be held in 7 locations throughout the state, and the agenda will include:**

- Discussion with Commissioner Cassellius: statewide priorities and equity commitments.
- Discussion on accountability and identifying schools for support and improvement.
- Helpful tips on how to communicate about ESSA in your community.
- Time for Q & A.

# World's Best Workforce

## May 2018 Regional Trainings

The purpose of these trainings is to offer districts/charters a chance to network around the work they are doing to address WBWF goals in their local context. After reviewing a representative sample of over 100 WBWF summary reports, professionals from the Regional Education Laboratory (REL) will share their findings and point out the strengths and challenges they observed in the work around each goal. We will spend time focused on meeting teams where they are now and moving forward around the work of WBWF in their setting. We recommend that each school bring a team of 2-4 people so you can take the information back to share with your leadership team.

**Meetings will be held in 4 regions throughout the state, and will include:**

- REL sharing findings from their review of summaries from across the state.
- Local Districts sharing and networking around successful practices.
- SMART Goal setting and Sample Goals in each area of WBWF.
- Feedback from Districts/Charters on the 2017-18 Summary Review Process.
