A Message From Our Leadership

Do people still go to libraries? Yes! According to a recent Gallup poll, people surveyed visit a public library on average 10.5 times a year, outage the frequency with which people go to a movie, a sporting event, a museum, and five other common leisure activities. Public libraries are not only for adults ages 65 plus, but rather, based on this same Gallup poll, people ages 18-29 and 30-49 years are the most active participants. For us and for frequent visitors to Easttown Library, this poll only validates what we already knew. Our library is a busy community center.

Thanks to the generosity of those listed in this 2019 Annual Report, we are able to continue to offer excellent access to invaluable materials, services, and high quality educational programs for all ages. Highlights from 2019 included: learning about Biomolecular Archaeology with Dr. Patrick McGovern of Penn Museum after which attendees enjoyed a beer tasting with La Cabra Brewing; getting a first-hand account of Philadelphia's Montgomery-Scott family from New York Times bestselling author and Pulitzer Prize winner Janny Scott; and gaining insight into Philadelphia's baseball history from our 2019 Barbara Robinson Author Jennifer Robin Barr.

Hopefully, this Annual Report will inspire you to renew your commitment to our library or, if you are not yet a supporter, to join the people listed on the following pages who make it possible for our library to remain exceptional. You can help enrich our present and secure our library’s future with a meaningful gift to both our Annual and Endowment Funds in 2020 by returning the enclosed gift reply envelope or giving a secure online gift at easttownlibrary.org. See you at the library!

Sincerely,

Dennis P. Leeper  
President, Easttown Library Foundation

Kathryn E. Lewis  
President, Easttown Library Board of Trustees

A Message From Our Library Director

I have a reputation as being data driven. Knowing how often our materials are borrowed, services are used, and how many attendees join us for our programs enables me as the library director to keep Easttown Library relevant. I am proud to announce that Library Journal's 2019 Index of Public Library Services ranked our library the 2nd best public library in Pennsylvania and placed us in the top 3% of all public libraries nationally.

Consider the meaning I derive from the following numbers from 2019:

- an average of 456 visitors on each of the 344 days we were open confirms that, even in the digital age, a public library is still an important destination for many people;
- a record of 366,609 items were borrowed and the average physical item on our shelves was used nearly 5 times demonstrates that our collection is strong and meeting the needs of library users;
- 20,905 people attended our 869 programs shows people appreciate the opportunities to expand their knowledge and skills, to enjoy cultural events, and to socialize and connect with friends and neighbors;
- 835 documents notarized, 1,433 passports processed, 1,193 passport photos taken, and roughly 18,300 reference questions answered by our helpful staff assures me that the services we are offering are valuable to many people; and
- outside groups large and small used our meeting rooms more than 3,700 times, reinforcing the knowledge that Easttown Library is your community center.

The numbers are significant in another important way. Ultimately, the litany of things we do and all of the related statistics reflect ways the library contributes to new ideas, opportunities, and the possibility of personal growth in everyone who avails themselves of what we offer. I know that people are challenged and inspired every day by books and experiences they encounter at the library. The numbers show me that the library is changing lives.

Sincerely,

Alan J. Silverman
Easttown Library Foundation is grateful to the following donors who have generously provided Annual Fund support for the library from January 1 to December 31, 2019.

Vanguard Hometown Grant Supports Adult and Teen STEAM Programs
Easttown Library continues to offer high-quality STEAM educational programs on the latest technology for teens. More recently the library has extended this type of programming for adults too. Thanks to a generous $5,000 Vanguard Hometown Grant, the library was able to offer one-on-one computer training, such as Quick Books Level I, and engaging group presentations on various scientific and historical topics from Jackie Kennedy to American Popular Song, 1938-1945. For teens, we expanded our offerings for hands-on experience with robots and stop motion animation videos, including The Snapology Combat Robots program (pictured on the right).

The Vanguard Hometown Grants Program provides community grants to nonprofit agencies in the communities near and around where Vanguard operates. Funded by the Vanguard Group Foundation, the program is run by local Investment Committees made up of crew (employee) volunteers, who select and vet the giving strategies. Vanguard Hometown Grants Program currently operates out of Vanguard’s Greater Philadelphia, Greater Charlotte, and Greater Phoenix offices.
To celebrate our library’s achievements and the commitment of our supporters, Easttown Library Foundation hosts an annual Donor Appreciation Reception in November. As part of this celebration, we honor a person or family as our Library Champion. Our Library Champions are not only ongoing financial donors, but also longtime participants of and advocates for our library.

Our 2019 Library Champion was Deborah A. Dooling. Ms. Dooling is a former elementary and middle school teacher of the Tredyffrin/Easttown School District who taught for almost 37 years. As an educator, she can attest to the importance of a school library as a hub of daily activities and “a door for so many learning opportunities.” Similarly, as a longtime resident of Berwyn, Ms. Dooling “knows the importance of the Easttown Library. It is more than a library - it is a community center. Every day there is a steady stream of people using the library. It is not just a collection of books and resources, but also a gathering place with a supportive, knowledgeable, kind staff.”

When asked as to why she contributes to Easttown Library, Ms. Dooling answers, “Why wouldn’t anyone support the library.” She donates to our library through an IRA Charitable Rollover, where she makes a direct rollover transfer of her required minimum distribution (“RMD”) from her traditional IRA to Easttown Library Foundation, a qualified charity. (For more information about the IRA Charitable Rollover, please see below.)

An IRA charitable rollover, or also known as a Qualified Charitable Distribution, is a tax-advantaged method of giving an outright gift to the Easttown Library Foundation’s Annual and Endowment Funds. For Ms. Dooling, it was an option that aligns her financial planning with her charitable giving to our library. Although the RMD age for retirement accounts has increased from age 70 ½ to 72, you as an IRA owner still can make a qualified charitable distribution at age 70 ½ as long as you are no longer contributing to your IRA. An IRA charitable rollover to a qualified charity may be free from federal income tax if:

- You make a direct rollover transfer from your IRA to qualified charities, such as Easttown Library Foundation;
- These direct rollover transfers may be in amounts up to $100,000 annually; and
- All qualifying distributions must be made before December 31st of the year the distribution is made.

Please note that if you are still contributing to your IRA after age 70 ½, the amounts that you contribute will reduce dollar-for-dollar the amount of a Qualified Charitable Distribution that can be excluded from taxable income.

The information provided herein is offered for general information purposes only and should not be construed as legal tax advice. Please consult your attorney or tax advisor when considering your charitable giving strategies.
In 2019, Easttown Library unfortunately lost some of its longtime supporters, library users, former staff members, and strongest advocates. The families of these individuals – Donald Christensen, Ginny Koch, David Reid, Edith Finton Reiber, and Joan Stanley – chose to honor them and to commemorate the importance of our library in their lives by designating gifts in their memory to our Endowment Fund.

These memorial gifts, together with those from other donors, helped our Endowment Fund to grow to over $880,000 at the end of last year. The purpose of the endowment is to expand the library’s programs and collections now while creating a self-sustaining source of income to secure the library’s future. With your ongoing support, our goal to build our endowment to $2 million is well within reach. Each year, a percentage of our Endowment Fund’s year-end value may be used to support the annual operations, programs, and/or capital needs of Easttown Library.

Please consider helping the library remain a vibrant community center now and into the future with a gift to the Endowment Fund.

“Easttown Library is important to me because it provides me and other residents a genuine opportunity to better ourselves and grow. It is an actual utopia for those who recognize the value it provides.”

- Adam

“Easttown Library, Berwyn has been a second home, office, and study place for me. From there, I have been able to launch and to maintain a career change later in life...The naturally diverse environment speaks well of learning as still a wonder and a shared and common good in Easttown.”

- Therese

“For the past ten years or so most of my library time has been at Easttown...The staff taken as a whole is professional, patient, and pleasant too. I couldn’t ask for a better home away from home.”

- Bruce
