\$1.85 to \$3.55

Some lower quality and hard-to-place cattle fall below these figures.

Compared to last week's market, the average prices of all weight classes of feeder steers and heifers ended \$10 to \$15 higher with some of the lighter classes up to \$20 higher. Both the slaughter cows and slaughter bulls again trended mostly firm with last week's figures.

The livestock futures rallied strong today closing the board from \$8 to \$10 higher. This spark appears to have been the Trump Administration's red-dyed diesel relaxation allowing tax free diesel to be used on highways. This will reduce the high cost of diesel and lower transportation cost. Cheaper fuel is supportive for producers, truckers and sale barn economics.

The annual Queens of the South Sale is this Saturday 10/10/26

800+ head of quality pairs, breds, and open heifers along with hand selected bulls.

Starts at 12 noon. Bidding also available on DVAuction

COMMENTS

Wild swings in the market with everything from a fly weight calf to a packer bull. Markets are very spotty depending on where buyers have room for placement. The smallest end of cattle in the yearling sale would be sharply higher and everything over 400# would average 10 cwt cheaper compared to last week. Packer cows are a few bucks cheaper overall with a few of the packer/feeders a dollar or two higher. Top quality replacement cows are still in very high demand with a strong market. We appreciate everyone and will see yall next Wednesday!

Attention

Sale starts at 9 am with calves and yearlings, stock cows will follow!

State of the current market:

A lot of variation in cattle quality today - Seeing more of the plainer calves coming to town - Not much of a home for them so be prepared for a cheaper market - Good quality cattle still holding -

Weigh price a little softer -

Stock cows still on the want list -

Thanks To All!
