Weekly Summary

Compared to last week's market, the average prices of all weight classes of feeder steers and heifers ended \$6 to \$10 higher. The slaughter cows weakened by \$2 but most sold today were lower yielding. Slaughter bulls advanced about \$5 on today's comparative figures.

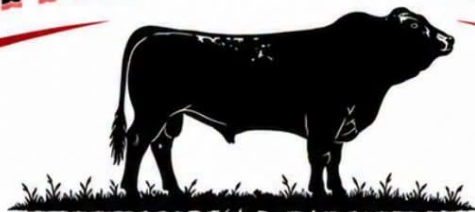

A strong board showing today appears to have produced a more bullish trend as buyers stepped up their game. Heat and drought in the mid-west continues to stifle any wheat planting as the planting season for grazing is getting shorter.

COMMENTS

One day closer to our next rain, one closer to a cool front! Yearling cattle would be steady to 10 dollars higher over last week. Packer cows and bulls a few dollars cheaper. The very best end of the replacements would be mostly steady with an older or plainer cow a bit softer. Praying for some much needed moisture in our trade area and beyond. We appreciate everyone and will see yall next Wednesday! Already expecting 170 head of calves off of one place!

Attention

Sale starts at 9 am with calves and yearlings, stock cows will follow!

Please have yearlings and cows at the barn by 12:00 on Wednesday!
