Weekly Summary

Compared to last week's market, all classes of the feeder steers and heifer average prices finished firm to \$2.50 lower. The slaughter cows and bulls continued to maintain their ground reflecting last week's slaughter prices.

The buyer demand remains good and active especially on the better-quality classes of feeder calves. What little weakness noticed in today's market averages was mainly due to the feeder calf's quality.

COMMENTS

Applause to the worlds best buyers! Our guys showed up and bought aggressively fighting a down market on wall street. Compared to last week several classes of calves would be several dollars higher. Packer cows and bulls would be steady to stronger also. Replacement cows are still in very strong demand. We appreciate the opportunity to work for you and will see y'all after Thanksgiving!
