Weekly Summary

Compared to last week's market, the average prices of all classes of feeder steers and heifers from 500 lbs and down ended fully \$3 to \$5 higher while the heavier classes finished uneven to \$3 lower. Both slaughter cows and slaughter bulls remained firm.

After last week's confirmed finding of several NWS in South Texas, it appeared the board traders decided to "sell the rumor and buy the fact." The futures markets rallied against this negative news and has witnessed over a \$11 run up on the futures. No doubt this fueled today's buyer aggression.

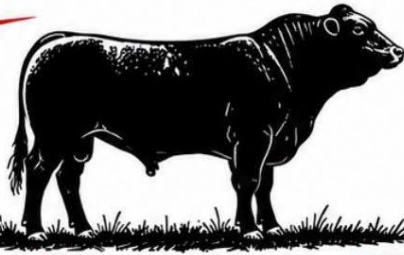

NEXT WEEK WE WILL BE SELLING 30 HEAD OF 5-7 YEAR OLD COWS BRED TO CHARLOIS BULLS

COMMENTS

Little bigger run today and a snappy market to follow. Big run of stocker cows with strong demand. Packer cows were stronger also. On the yearling alley, the lightest calves were a few dollars higher and the bigger feeder cattle would be a little softer. News of the screw worm has a lot of news spreading, but as we can keep our area clear the demand for these cattle is staying very strong. We appreciate everyone and look forward to working for you next week!

Attention

**Sale starts at 9 am with calves and yearlings, stock cows will follow!
