

New Member Invitations

Potential new members must be vetted prior to their acceptance. The vetting process begins with the submission of name(s), title/company of prospective member(s) to Matthew Lokan via email: matt@blissinsurance.com. Once Matt receives your email, he will route the sponsor's name (you) and the name and occupation of the prospective member to the membership for consideration. Club members may submit comments concerning a prospective member if they feel this person is unable to uphold the "Four Way Test" within a two-week window.

You will receive an email from Matthew once the vetting period is complete. You will also receive a link to the online application form for you to share with the prospective member. Vetting is good for one year.

Upon receipt of the completed application by the Club Secretary, the Sponsor and prospective member confer to establish a mutually agreeable date and the Sponsor then connects with the President to request time on the weekly meeting schedule for the induction. The Secretary will prepare the Welcome folder and badge for the Induction.

Questions can be directed to our Club Secretary or the Membership Committee.
