

ANTONIA DECKER
YOUTH ADVOCATE | HUMAN TRAFFICKING ADVOCATE
CENTER FOR HOPE & SAFETY

Antonia Decker was raised in Salem, Oregon and graduated magna cum laude from Seattle University with a B.A. in Communication Studies and Spanish. Given her own bilingual/bicultural background, she has felt compelled to work for organizations committed to making change within diverse and under-resourced communities: an AmeriCorps early education program, Casa Latina, and Straub Outdoors' Latinx Engagement Initiative. Currently, as the Youth Advocate/Human Trafficking Advocate for the Center for Hope & Safety, Antonia works with youth and adult survivors of domestic violence, sexual assault, stalking and human trafficking in Marion County. She is often found presenting in schools and other community settings, working to spread awareness and education on these topics throughout our community. Antonia is excited to be back presenting at the Rotary Club of Salem, she was a Youth Exchange Student to Argentina during high school, a truly life-changing experience.
