Office: 612-672-2643

Ebenezer is in need of support to find those interested in working with seniors in a Resident Assistant role. A **Resident Assistant** is much like a HHA or NA or DSP, and provides personal cares and health related services (bathing, dressing, feeding, transfers/lifts, pass medications, temperatures, blood pressure and glucose monitoring) to our residents in the senior assisted living and memory care units. Much like a home health aide or direct support professional. No certification or licensure required. We prefer some customer service or health care setting work experience and even better work experience serving patients or elderly. May be able to consider an older high school student. Starting pay is around 14.75 and may go higher with related healthcare/patient work experience etc. We offer full benefits to those in scheduled hours of 60 or more in two weeks 😊 and tuition reimbursement for those in scheduled hours of 40 in two weeks + 1 year of employment.

## **Technical Agents (30 needed)**

Company: DRC - (<http://www.datarecognitioncorp.com>).

Duration: 6 months (Through May 2021) – contract through TEKsystems

Shift: Standard first shift 8-5pm M-F (with some flexibility if on the bus)

Location: Plymouth, MN

Pay Rate: \$18/hour

**Who is DRC:** DRC is a software company that assists with educational testing solutions and assessments. They specialize in test and survey administration and processing. DRC comprises three business units that serve the K-12 education sector, Federal and State governments, and commercial clients worldwide:

- Education Services provides full-service, customized assessment solutions, including summative, interim/benchmark, and formative assessments; item, test, and model curriculum development; psychometric and test security services; enhanced reporting; printing and packaging; distribution and collection; and image scanning and scoring.
- Survey Services offers support in all phases of the survey process for Federal and state government and commercial clients, from development through analysis and reporting.
- Document Services provides advanced data and document solutions, including high-speed variable digital printing and mailing and in-house typesetting, printing, and finishing/fulfillment services for education, government, and commercial clients.

### **Top 3 Skills:**

1. 3-6 months on a helpdesk or experience working in a call center environment
2. High School Diploma/GED required, Technical Degree preferred
3. Experience in MS Office Suite and experience working in a metric-based environment

**What will this person do?** This person will serve as the first technical point of contact for DRC clients from the State, District, and School levels. This position is responsible for providing professional, high level customer service, by delivering technical information and instruction to resolve issues related to test administration, reports, client specific testing policy, personal computers and networks that relate to DRC applications

**Readex Research** is a marketing research company in the East Metro. We currently have 2 openings:

1 - Director of Research Team Operations

Readex Research is seeking a full-time Director of Research Team Operations in our Stillwater, MN location. In this role you will lead a team of approximately six other associates, both data personnel and project directors. The team manages all projects for clients with the largest percentage being online and the balance mail surveys. We design custom questionnaires from scratch based on client objectives all the way through delivering data files, and at times, report documents (written narratives with charts, PowerPoint slides).

2 - Project Director

In this role you will manage approximately 60 custom research projects per year, with responsibilities including:

- Designing custom questionnaires from scratch based on client objectives; editing client-provided drafts.
- Acting as the primary client-facing contact, managing expectations and timelines, keeping the client informed.
- Specifying interactive questionnaire behavior (web-based surveys).
- Evaluating, amending, and executing sampling plans.
- Interpreting survey statistics.
- Writing reports (written narratives with charts, PowerPoint slides).
- Occasionally presenting results to clients.
- Providing day-to-day leadership of project execution, ensuring progress is made.

Contact Jack Semler, President, for more information.
