

LUNCH & LEARN

January 29, 2020

11:15 am - 1:30 pm

Lenexa Community Forum

17101 W. 87th St. Pkwy.,

Lenexa, KS 66219

(New Lenexa City Center)

KCMMB Municipal Public Works Concrete Inspectors & Engineers Let's Talk About Concrete Inspection!

- ◆ Storing field cured cylinders
- ◆ Difference between finishing aids/evaporation retarders & curing
- ◆ Proper testing methods/procedures
- ◆ What to do when there is low or high air on the jobsite
- ◆ How much curing is enough
- ◆ Seal joints
- ◆ Appropriate joint spacing
- ◆ How much water can be added at the jobsite
- ◆ Best management practice for curing in cold weather
- ◆ Come prepared with questions for the panel

The event:

- ◆ Boxed Lunch
- ◆ 3 short 10 minute presentations on: Jointing Concrete, Finishing Aids & Curing and Cold Weather
- ◆ 1 hour Q & A with the audience & a panel (consisting of municipal inspector supervisors, municipal engineers, inspectors, 3rd party testing agencies and concrete contractors)
- ◆ **No cost to you as long as you RSVP.**
If we don't know you are attending then we can't have a nice lunch for you.
So, reservations are a must!
- ◆ For Online Reservations: <https://conta.cc/37McPWW> or call 913-341-5800 ask for Cindy Allen.
(you'll need the names of those attending from your city/company)
