

CENTENNIAL CLUSTER OF SCHOOLS

Our Mission

The PK-12 Centennial schools are an aligned, 21st century learning community providing a high-quality, innovative educational experience for all students to be college and career-ready.

Our Vision

The PK-12 Centennial schools are the choice cluster where all students collaborate, think, learn and create in an environment of excellence.

ANCHORED IN AVID
AVID is a College Readiness System
that transforms leadership
instruction, and culture to focus on
the academic and social skills
needed in higher education and
beyond. Schools implementing
AVID operate with a guiding
principle: hold students to the
highest standards, provide academic
and social support, and they will
rise to the challenge.
