DESCRIPTION

Join us for a captivating journey into the dynamic realm of breastfeeding support in our upcoming LIVE webinar, "Cultivating Cultures of Collaboration." Delve into the intricacies of this vital field with seasoned expert Michelle H. Kinne, MBA IBCLC ICCE CD(DONA).

Amidst the shifting landscape of lactation care, Michelle will be your trusted guide, offering insights and strategies to navigate the complexities of lactation support. From fostering shared accountability among staff to igniting professional growth and team satisfaction, this webinar promises to be a transformative experience.

OBJECTIVES

By the end of the webinar, the participant will be able to:

- List 2 inpatient committees that benefit from lactation consultant participation.
- Summarize the Plan, Do, Check, Adjust (PDCA) cycle.
- Compare acuity based lactation rounding to proactive lactation care.

SPEAKER

Michelle has worked in the field of perinatal health for over 3 decades. Most recently Michelle worked for St. Joseph Medical Center in Tacoma WA where she provided breast/chestfeeding support for inpatient families in Mother Baby and a level III NICU and served as project manager for the facility designation as a Baby-Friendly designated hospital in 2018. Michelle managed a regional perinatal education program and implemented and supervised a WIC Breastfeeding Peer Counselor program. As former adjunct faculty for Bates Technical College, Michelle taught classes to the public, and provided vocational training to future perinatal educators, lactation educators, and birth doulas. She graduated Magna cum Laude from Western Washington University where she earned her undergraduate degree in social work, and she holds a master's degree in business administration with a focus in healthcare management. Her heart's desire remains her 3 children, and the flame still burns for her husband, a retired Fire Chief.
