Physicians:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the California Medical Association (CMA) through the joint providership of the Los Angeles County Department of Public Health and Breastfeed LA. The Los Angeles County Department of Public Health is accredited by the California Medical Association (CMA) to provide continuing medical education for physicians.

The Los Angeles County Department of Public Health designates this live activity for a maximum of 2.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

OBJECTIVES

After the presentation participants will be able to:

1. Explain and apply the latest research pertaining to marijuana and opioids and its impacts on human milk
2. Summarize accurate information on opioids and marijuana allowing the patient to make an informed decision about their care and lactation choices
3. Break down the physiology of what happens during lactogenesis when marijuana and opioids are used by patients
4. Formulate the half-life for prescription opioids and recommend best practices for lactating patients using these medications
5. Evaluate risks factors for the dyad in individual situations pertaining to opioids and marijuana and lactation
6. Prescribe action plan for lactating individuals using marijuana and opioids, and their newborns
7. Learn how to counsel patients using marijuana and opioids with a non judgmental approach
8. Realize the importance of not assuming that patients using marijuana or opioids do not want to breastfeed, which leads to misinformation and limits the patient's choices

CANCELLATION POLICY

After the webinar a recording will be sent to all registrants to view for up to 1 month, therefore no refunds will be granted. It is the responsibility of the participant to view the recording while it is available
