

CONSTRUCTION ALERT

New York Drive Roadway Improvement Project

Phase 1 Construction Begins January 2019 (Altadena Drive to Allen Avenue)

Los Angeles County Public Works is pleased to inform you of the commencement of the New York Drive Roadway Improvement Project. Sully-Miller Contracting Company will begin Phase 1 construction along New York Drive between Altadena Drive and Allen Avenue on January 14, 2019 (see map on back of flyer). Phase 1 construction will last approximately five months starting with construction on the north side of New York Drive, progressing from Altadena Drive to Allen Avenue. When work on the north side is complete, construction will shift to the south side of the street and continue in a similar manner.

Work to be Completed: Construction and reconstruction of curbs, gutters, and sidewalks; replacement of guardrail, and reconstruction of the roadway.

Where: New York Drive between Altadena Drive and Allen Avenue

Working Hours: Weekdays between 7 a.m. and 3:30 p.m.

What to Expect:

- New York Drive will be closed to non-local traffic
- Local traffic and driveway access will be maintained
- Detour signage has been installed to direct traffic
- Parking may be restricted. Temporary "NO PARKING" signs may be posted along the construction route at least 1 day prior to the arrival of the work crew.

We apologize in advance for any inconvenience the construction may cause. Your patience, cooperation, and understanding are appreciated. We anticipate a great improvement to your community!

For questions regarding this project, please contact the project helpline at (833) 258-6937 or email NewYorkDr@ArellanoAssociates.com.

*Exact dates are subject to change

Safety Tips: *The County reminds motorists to stay alert during construction*

- Watch for workers and equipment
- Watch for changing conditions and follow detour signs
- Slow down and follow the speed limits
- Be extra careful when driving at night or in the rain
- Leave plenty of space between you and the vehicle in front of you
- Avoid blocking intersections, which could impede the travel of emergency personnel
